Pilgrims / Puritans

What were the Pilgrims' and the Puritans' reasons for coming to America?

An **English** law, the 1559 Act of **Uniformity**, demanded that all British citizens attend services and follow the traditions of the Church of **England**.

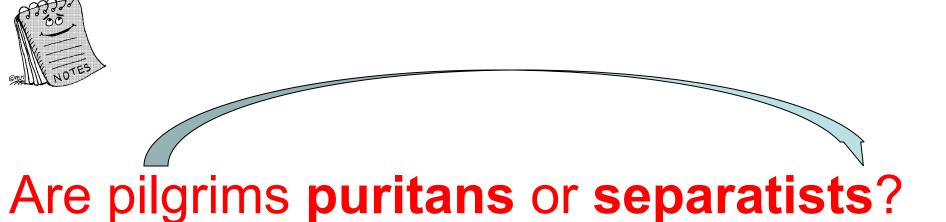

THE CHURCH OF ENGLAND

This law leads to TWO groups being formed in English society:

Vocabulary:

 Puritan = a member of the Church of England who wanted to "purify" some of the things it did.

 <u>Separatist</u> = Puritans who gave up on "purifying" the Church and decided to <u>break</u> away from it entirely How were the reasons for settling the Jamestown

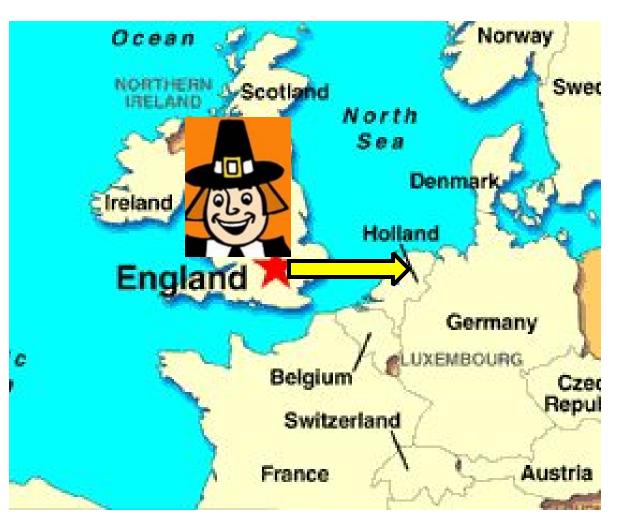

colony and the Plymouth colony different?

The Pilgrims <u>rejected</u> the Church of England and <u>refused</u> to follow it's traditions.

They fled to <u>Holland</u> seeking religious freedom

But over time, their <u>children</u> began to "forget their <u>roots</u>" in Holland so they left for <u>America</u>.

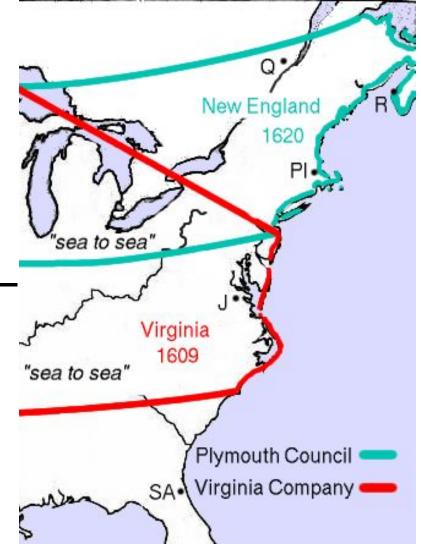

The <u>Virginia</u> Company gave the Pilgrims a charter to settle in <u>Jamestown</u>

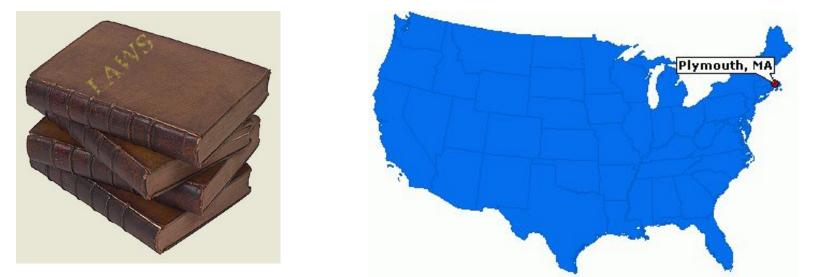

Bad <u>weather</u> forced the Pilgrims to land far <u>north</u> in place that becomes called "<u>Cape Cod</u>."

The Pilgrims landed in a <u>territory</u> that was not <u>administered</u> by any country or government.

They were far north of <u>Virginia</u> – the Virginia Company's <u>power</u> did not extend that far

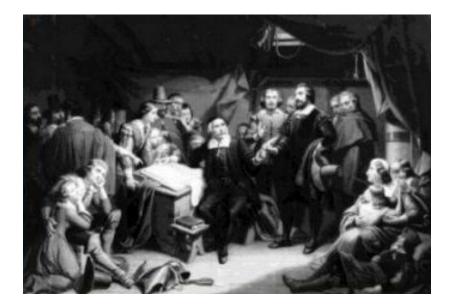

What are the laws in a land where there is no government?

Since there was no government (and no laws), the Pilgrims wrote "The Mayflower Compact."

This is the first <u>democratic</u> document in the New World and <u>united</u> the colonists together to create their own <u>government</u>.
